# Agriculture in Idaho

Idaho produces 144 commodities state-wide. Idaho continues to be among the nation's leaders in the production of several commodities and is ranked in the top ten in the nation for 38 different crops and livestock.

Cash receipts were at \$4.35 billion, lead by the dairy industry. Idaho agriculture is strong and remains the state's leading natural resource-based industry.

Nature's bounty provides the perfect growing conditions for Idaho agriculture. Our rolling hills, mountain spring water, gentle rains, and warm sunshine, combined with state-of-the-art technology, produce superior agricultural products.
